

E.J. Jean-Jacques is the Director of Facilities Acquisition at the Department of Veterans Affairs, Office of Construction & Facilities Management (CFM) in Washington, DC. CFM is responsible for the planning, design, and construction of all major construction projects greater than \$20 million. In addition, CFM acquires real property for use by VA elements through the purchase of land and buildings, as well as long-term lease acquisitions. Through the construction and real property programs,

CFM delivers to Veterans, high quality buildings, additions, large scale renovations, and structural enhancements. CFM also manages facility sustainability, seismic corrections, physical security, and historic preservation of VA's facilities.

E.J. has a wealth of technical experience and expertise in construction contracting. He is a veteran. His academic credentials include a Master of Business Administration from Nova Southeastern University, Bachelor of Arts degree, Certified Federal Contracts Manager, Certified Professional Contracts Manager, and Federal Acquisition Certificate in Contracting (FAC-C) Level III. E.J. completed the VA Acquisition Fellow's program. He served in the White House Interagency Fellow's program as a Special Assistant at the Department of Homeland Security-Customs and Border Protection where he created a facilities council that implemented Office of Management and Budget (OMB) reduce the footprint mandate. E.J. has served as the Director of VA National Cemetery Major Construction Contracting Program and Director of A/E & Construction Contracting Policy. Most recently E.J. led the VA Market Area Health Systems Optimization (MAHSO) initiative which was critical for recommendations to the Asset and Infrastructure Review (AIR) Commission to modernize and realign the VA health care system.
